

## WHAT IS A BUSINESS INCUBATOR?

Traditionally, a business incubator is an economic development tool to assist start-up companies by providing low cost space, and a small set of shared administrative services such as copy and facsimile machines, telephone answering and secretarial services, meeting rooms, and kitchen facilities. Over time, incubators have expanded to include services such as business coaching, marketing assistance, networking activities, links to higher education, investment/strategic partner linkages and technology.

At HVADC, our unique **Incubator Without Walls Program** is designed to bring traditional economic development services to the agribusiness industry. Our program offers comprehensive business assistance including:

- Evaluation of needs
- Access to a collection of experts including accountants, marketing specialists, industry specialists, financiers and others as needed
- Client networking
- Coaching and mentoring
- Grant writing and referrals

HVADC is an equal opportunity provider, and employer. To file a complaint of discrimination, write: USDA, Director, Office of Civil Rights, 1400 Independence Avenue, S.W., Washington, D.C. 20250-9410, or call (800) 795-3272 (voice) or (202) 720-6392 (TTD).
